

Mobile alerts and e-mails form

Improving links with school

We know that letters home are not always the most reliable way of sending you information and that is why we have decided to implement a text messaging and e-mail service.

This will enable you to receive all your information from school quickly and reliably. We can send letters by email to your inbox and short messages directly to your mobile phone as a text message. Just fill in the fields below and return to school.

Your name:

Mobile number:

Please tick if this is a new number

e-mail address:

Name of child:

Class:

Name of child:

Class:
