2. Barriers to future sporting achievement		
<b>In-school barriers</b>		
<b>A.</b>	Gross motor and coordination needs development	
<b>B.</b>	Sequencing and patterning needs development	
<b>C.</b>	Limited experience of sports and movement outside school	
<b>D.</b>	Working Memory very low	
<b>E.</b>	Social and Emotional difficulties	
<b>External barriers</b> ( <i>issues which also require action outside school, such as low attendance rates</i> )		
<b>D.</b>	Support for children accessing external sport clubs.  Lack of access to specialist clubs and training for children out of school	
3. Desired outcomes ( <i>Desired outcomes and how they will be measured</i> )		Success criteria
<b>A.</b>	Staff have the confidence, knowledge and skills to teach sport and address the gross motor, coordination, sequencing and patterning needs the children have through PE lessons.	Lesson obs and learning walks show that children have the opportunity to develop these skills in a progressive way.

<b>B.</b>	Children have the regular opportunity to try a variety of sports and movements in the organised lunchtime activities.	Children access a wider range of sport and movement through lunchtime activities.
<b>C.</b>	Increased participation in competitive sports.	Number of children able to access sports clubs in school.  Number of competitions entered.
<b>D.</b>	Increase in the number of children involved in sport as part of a healthy active lifestyle.	Number of children involved in clubs and activities increases.

<b>4. Planned expenditure</b>
